SUBJECT : SAFE MEMO- FREEPORT OF MONROVIA

DATE : AUGUST 10, 2022

This is an advisory note to all port users, Stake Holders Agents Representatives operating out of the Freeport of Monrovia. This notification references imminent draft and beam restrictions. Effective 15 August 2022 a draft of 9.5 meters and a beam of 28 meters in enforced. This action is in view of the continued build up of siltation in and around the Freeport Basin hampering the safety of Navigation. It will be prudent that your owners and principals are advised accordingly. This advisory will remain in force until the usual dredging of the Freeport is carried out.

Thanks for your usual fine cooperation.
